Continuum Publishing Corporation, United States, 2015. Paperback. Book Condition: New. 244 x 188 mm. Language: English . Brand New Book. Reflective Teaching in Early Education is the definitive textbook for reflective professionals in early education, drawing on the experience of the author team and the latest research, including the Teaching and Learning Research Programme (TLRP) findings. It offers extensive support for both undergraduate and postgraduate students and career-long professionalism for early years practitioners working in pre-schools, child care settings and the first years of primary schools. Written by a collaborative author team of leading early years educationalists and practitioners led by Jennifer Colwell, Reflective Teaching in Early Education offers two levels of support: - comprehensive, practical guidance for practitioner success with a focus on key issues such as building relationships, communication, behaviour, inclusion, curriculum planning and learning, and teaching strategies; and - evidence-informed principles and concepts to aid understanding of the theories informing practice, offering ways to develop deeper understanding of early years practice in early childhood education and care. Reflective activities, case studies, diagrams and figures, end-of-chapter summaries and research briefings are provided throughout. This book, along with the companion reader and associated website, draw upon the work of Andrew Pollard, former Director of the TLRP, and the work of many years of accumulated understanding of generations of early years practitioners, primary school teachers and educationalists.
