This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Send the Light, United Kingdom, 2007. Paperback. Book Condition: New. 212 x 140 mm. Language: English . Brand New Book. Stephen Holmes has been described as one of the bright lights of the new generation of evangelical theologians. In this book he offers an accessible and enlightening account of the way the saving work of Jesus is presented in the Bible, and has been understood throughout Christian history. In particular, the book offers background to the current debates about penal substitutionary atonement by looking at that idea in biblical and historical perspective. Holmes argues that we can, and should, continue to talk of the cross in penal substitutionary terms, if we understand this as one of many complimentary descriptions of the salvation we find in Christ.
