We Were Born to Solve Problems (Paperback)

By Lucas Gomes

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The book focuses on the attitudes and people's choices in life and the consequences derived from them which generate several problems of individual or collective order. These questions, in one way or another, they need to solve and adopt that mentality as a way to act. The work points out the process of evolution of civilization, inevitably, the responsibility of families cores, of the teachers, the most important profession in society in the author's view, and all who contribute to innovation and technological advancements of humanity, from its beginnings to the present day. It signals that the better world, the kingdom of love on Earth, depends on our steps, by the awareness that we are here to solve problems. It mentions that it is important to realize that in life, at times, we are learning, and in others, we are teaching. The book provides ideas on how to realize this exchange of knowledge in the connection of everything with everyone and how it all grows together with the terrestrial environment building balance. Speaks,...
